RE: Sika Sarnafil Approved Applicator – Cotterman and Company Inc.

To Whom It May Concern:

This letter will confirm Cotterman and Company Inc. is an authorized Sika Sarnafil Applicator in good standing with adhered, mechanically attached, and waterproofing PVC application experience, capable of installing our products and providing a Sika Sarnafil warranty.

Sincerely,

Patrick Johnson
Midwest Assistant Regional Technical Manager

DISCLAIMER: The information contained in this document, including but not limited to any recommendations regarding the use and application of Sika Corporation ("Sika" or "Sika Sarnafil") products, is given in good faith based on Sika's current experience and knowledge of its products when properly stored, handled and applied under normal conditions in accordance with Sika's instructions. The information contained in this document is valid only for the applications and uses of Sika products described herein. Any deviation from any of the instructions, uses, applications and recommendations contained in this document regarding the Sika products will void any Sika warranty. The user of the Sika products must test each product for suitability for the intended application and purpose. Prior to each use of any Sika product, the user must always read and follow the warnings and instructions on the product's current Technical Data Sheet, label and Material Safety Data Sheets available at www.sarnafilus.com. All sales of Sika products are subject to its current terms and conditions of sale available at www.sarnafilus.com.

As a membrane manufacturer, Sika Sarnafil, a division of Sika Corporation reviews details prepared by the consultant, architect and/or engineer for a project solely for the purpose of determining if a Sika Sarnafil warranty may be issued for the project. This review is not to be construed as approval of details by Sika Sarnafil and is not being conducted in lieu of sound engineering and architectural practices and judgment and should not be relied upon for that purpose. Sika Corporation assumes no liability with respect to the design of the roofing or waterproofing system. The architect, consultant and/or engineer or design professional for a particular project bears the sole responsibility for the design of the roofing or waterproofing system, for the preparation and approval of the details and shop drawings, and for determining their suitability for a particular project or application.

While Sika Sarnafil provides general instructions for the installation of its membrane as well as training for Sika Sarnafil Authorized applicators, the means and methods used by the contractor for surface preparation as well as the means and methods employed by the contractor in the installation of the Sika Sarnafil membrane are the responsibility of the contractor.
